Cuty of St. Louis Puils

ACTION OF STAN ARREST PARTY OF STAN OF STAN OF STANDARD OF STANDAR

March 18, 1970

Mr. Herb Finch Republic Creosoting Company 7200 Walker Street St. Louis Park, Minnesota

## Bear Burbs

I attempted to tall you on several occasions but have not had success. Therefore, I am taking the liberty of writing to you to request that a meeting be conducted between you and officials of your company and members of our City Council regarding the various problems which we have discussed on numerous occasions. Primarily, I believe the Council would like to make some definite decisions relative to the Republic Creosoting propeny regarding the pollution control measures as well as the extension of Louisiana Avenue. To make this discussion as fruitful as possible, it would seem appropriate for you to have your company's top personnel who will be able to discuss the above subjects as well as make decisions or commitments at such a meeting.

I would like to schedule this meeting for Monday evening, April 13, in the City Hall Conference Room on the Third Ploor. Perhaps we can establish a time of 8:00 p.m. which probably would be more convenient for all concerned. I would appreciate your confirming this date if at all possible to enable me to advise the Council of this forthcoming meeting in order for them to arrange their schedule accordingly.
